

Job Title: Seasonal Park Technician
Hours: 7:00am – 3:30 pm, Monday - Friday
Pay: \$9.00 / Hour
Duration: 12 Weeks; Flexible between April and August 2015

Preservation Parks of Delaware County offers an excellent opportunity for a candidate in a Natural Resources program to gain valuable work experience in a growing park system.

The Park District's mission is to provide passive recreation activities, such as hiking and picnicking, while keeping development to a minimum. Within the park system, visitors can see meadows, prairies, wetlands, virtually untouched wood lots, ravine systems, waterways, and the remains of glaciers.

Responsibilities:

- Mowing, weeding, trimming, tree trimming, pruning, planting;
- Janitorial duties (clean restrooms, park facilities, pick-up litter, and remove trash);
- Work on maintenance and construction projects;
- Assure facilities are ready for special functions and or/naturalist programs.

Minimum Requirements:

- Valid driver's license and evidence of satisfactory driving record for insurability;
- Ability to operate hand, power tools, and mowing equipment;
- General maintenance and mechanical skills;
- General understanding of natural resources and environment;
- Ability to work without supervision.
