

Seasonal Construction Technician

Preservation Parks of Delaware County is currently seeking a temporary Seasonal Construction Technician position from May – August 2012. Hours will vary but are typically Monday-Friday from 7:00 am to 3:30 pm. This position is an excellent opportunity for a candidate looking to gain valuable work experience in the construction industry.

The Park District's mission is to provide passive recreation activities, such as hiking and picnicking, while keeping development to a minimum. Within the park system, visitors can see meadows, virtually untouched wood lots, ravine systems, waterways, and the remains of glaciers.

The Seasonal Construction Technician will perform a variety of general maintenance and construction duties, including, but not limited to graveling trails, general carpentry, simple plumbing and electrical work, painting, operation of a tractor, masonry, construction of exhibits and displays. This person will also assist with the repair of facilities and signs along with constructing trails and fences.

Required qualifications are: ability to operate small construction equipment including hand and power tools; general maintenance and mechanical skills; ability to work without supervision; a valid driver's license and evidence of satisfactory driving record for insurability; prior experience in the construction field preferred but not required; interest in natural resources or wildlife management a plus.

Position is open until filled. Interested applicants should send a cover letter and resume to careers@preservationparks.com or you may contact Jason Nahvi at 740-524-8600 ext. 7 for further questions.
